The court received and reviewed on March 7, 2006 nine pages of documents submitted by Attorney Brian Sullivan with cover letter dated March 3, 2006.

The court orders that some of those pages should be provided to counsel in redacted form. The court crossed out with pen the portions of the documents that should be redacted and wrote "No" beside the portions that should be redacted.

Because the deposition of Thomas Buckley is scheduled for March 8, time is of the essence. The court faxed the pages with specified redactions to Attorney

Sullivan today at approximately noon and sent an e-mail to him with instructions.

The entry is

The portions of the nine pages submitted by Attorney Sullivan not redacted by the court will be provided to counsel.
